

DO-IT-ALL

Find your Flow state for freeride progression! Sharing DNA with the Flux, the Flow, however, has a reduced span and lower aspect ratio, offering more low end power and easier handling.

The extended front carbon handle offers excellent control and functionality when flying the wing one handed and will improve the fluidity and ease of manoeuvres.

A fully featured design, this is a total weapon for dedicated wave riders and anyone looking to jump and throw freestyle moves.

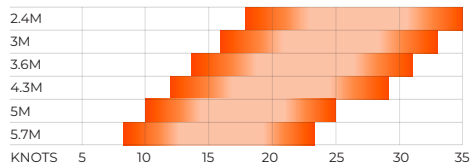

- DO-IT-ALL FREERIDE WING
- RIGID CARBON HANDLES
- NEW LONGER FRONT HANDLE FOR ONE HANDED CONTROL
- IDEAL FOR WAVE RIDING WITH COMPACT SPAN
- SPEED AND LIFT FOR JUMPING
